Intellectual Property - Brazil

WWW.LIAEBARBOSA.COM.BR

Who we are

We are professionals with extensive experience in preventive, advisory, administrative, prosecution and litigation services for domestic and international clients. Our main differential is to offer personalized advice that privileges the solution of interests and conflicts with a focus on business-oriented advocacy. We always consider the binomial quality / investment.

Our Team

Our team consists of lawyers, industrial property agents, engineers and technicians in patents and trademarks, translators and interns committed to the expectations of the customers. The partners count on a solid academic background, international experience and are active members in the main associations dedicated to the study of themes relating to Intellectual Property and act personally in the cases entrusted to the office.

Our Essence

We apply the best technique with objectivity and commitment to our customer demands.

Our way of acting is to integrate with the company's expertise and, using the "eyes of the owner", to offer the most effective and inexpensive solutions through a modern and results-focused advocacy.

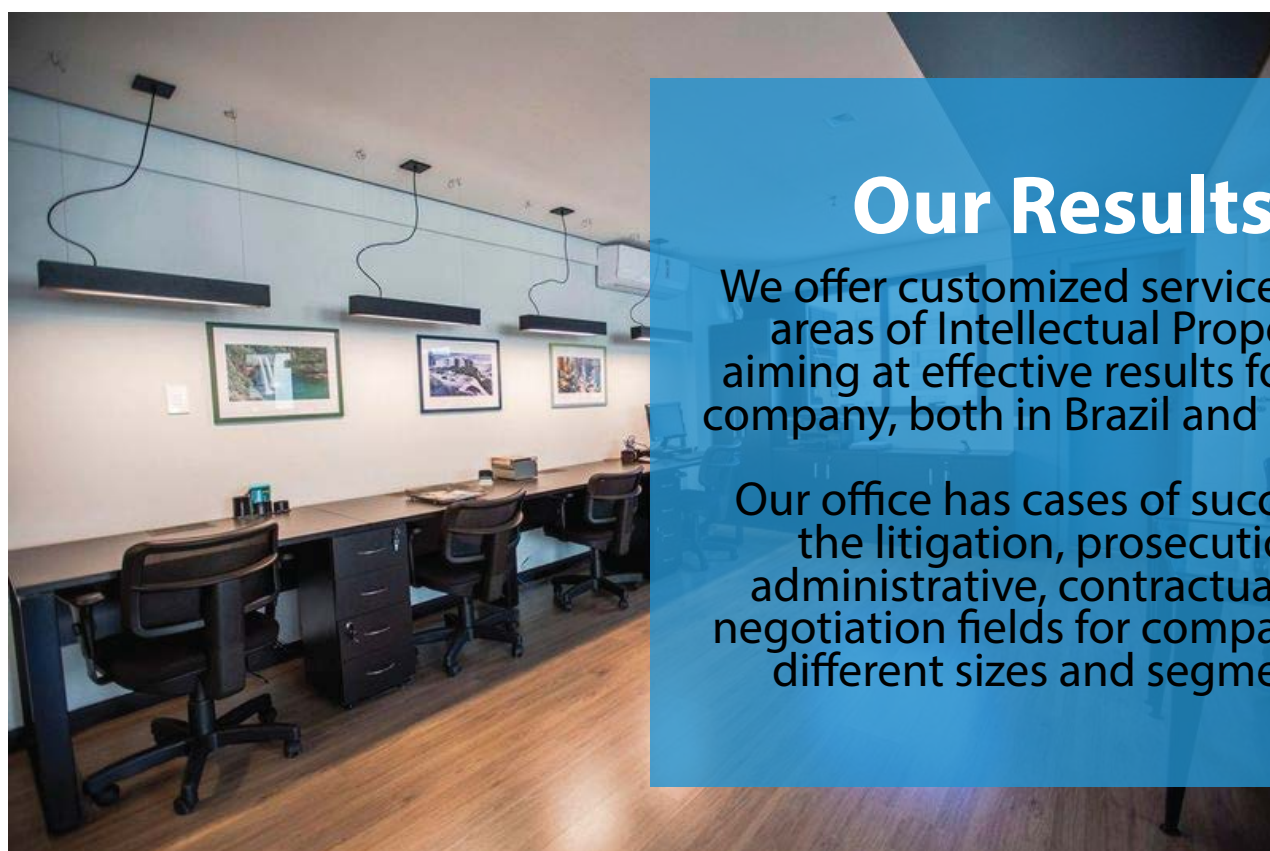

Global Presence

We have acquired great experience with the international market through our client portfolio and partner offices network in a global scale.

We constantly participate in international events held by the main Intellectual Property Associations in the world.
